SONIC™ THE HEDGEHOG

...and Tails have raced north to Old Megaopolis to prevent the evil Doctor Robotnik, a.k.a. Eggman, from launching a nuclear strike against Knothole City and Station Square.

However, Sonic's young sidekick quickly loses control of his biplane, "The Tornado," to A.D.A.M., a sentient computer virus created by the mad scientist...

...and the blue blur becomes locked in the fight of his life against the mad scientist's death-dealing bodyguard, Mecha, even as Robotnik finds himself confronted by the mysterious Shadow the Hedgehog!

Meanwhile, Knuckles, his Chaotix, Amy Rose and the Acorn Royal Guard have been joined by Rouge the Bat and the G.U.N. commandoes, and are the only line of defense preventing Robotnik's mechanized horde from marching on Robotropolis.

THIS JUST IN!

"The Future is Not Set. There Is No Fate But What We Make." I don't remember if those were the exact words, but the message from the Terminator movies is quite clear. That is the case with respect to **'Mobius: 25 Years Later' (M25YL)**. Ever since we announced this new storyline, I've been besieged by letters and have been reading the message boards, all relating to one simple question: "Is 'Mobius: 25 Years Later' the definitive future for Sonic and the gang or not?" The answer: "It may be the definitive future. It may not. Only time will tell." In other words, you'd have to read the next 25 years of Sonic issues to find out. And I'm not dodging the question by saying that, it's the only logical answer. M25YL is one possible future of many. Does this mean it's an alternative future? We don't know. All we do know is that it is the same future glimpsed in **Sonic: In Your Face #1, Sonic #22** and the Knuckles stories in **Sonic #106-#109**. And as far as the stories from those past issues are concerned, those events haven't happened yet. So if you don't have any of the issues mentioned above, don't worry... you'll see it soon but from the future's POV. Remember, who is to say that someone won't go back in time from M25YL and change the timeline and make that the definitive future? If you read Lara-Su's jump back in Sonic #106-109, you know that just might be possible. In the future, anything can happen.

Now on to our **"Home: Finale,"** there you have it. What did you think of the last four issues chronicling Sonic's return home from space? Let us know with your letters and e-mails. We're dying to know what you think. However, if you thought it was over, you've got another thing coming. Sonic hasn't had a chance to catch-up with everyone since his return. Next month, he does just that in Home, Epilogue: "Say You Will." Be here as Sonic ends up having to make the toughest personal decision of his young life. Joining writer Karl Bollers and inker Michael Higgins is new penciler, Jon Gray. Coming from an animation background, I guarantee Jon's pencils will 'wow' you. His work is so refreshingly different from what you've seen before. Pick up the next issue and see for yourself.

Catch you on the flip side!

Jo

P.S.: As we ran out of space this month, our new assistant editor Mike Pellerito will introduce himself to you in a later editorial.

Note: Due to the overwhelming amount of e-mail and snail mail, it is impossible for us to reply personally to each and every message. However, your opinions are important to us and each message will be read. Also, due to space limitations, some correspondence may be edited.
Thanks for understanding!

Know how Sonic's Uncle is really smart?? Well let's say Sonic and Tails makes a surprise visit to Angel Island and comes across Knuckles' body takes it to Uncle Charles and he somehow brings Knuckles back to life!!!!

Thurman Puckett, goatman77578
POSTED TO ARCHIECOMICS.COM

I guessed you noticed by now that Knuckles is back...just not at full strength. As for Angel Island, it will be getting visitors soon enough. However, if you're missing any back issues (which it seems you are...) the order form is in this very issue. (shameless plug #1)

Dear Sonic,
My name is Aaron Main and I am your number one fan in North America.

Number ONE ? I don't think so. Maybe if you wrote it twice in one letter...

I believe I know more about you than anyone else that lives here, maybe even on the world! You are the one responsible for giving me such a strong imagination. You are the one who gave me great expectations in wanting a career in creative writing and maybe one day, many issues of the Sonic The Hedgehog Comic Series. I own nearly every Sonic Comic from the original #0-3 mini series to the actual comic series #1-129. I bought every action figure that I could ever find and when I had the chance, the games I could get...When I go to the game stores I still buy games from your past and play them on my SEGA Genesis 3, SEGA Game Gear, SEGA Saturn and SEGA Dreamcast. If I could I would like to share one Christmas memory with you. Back in 1999, all I wanted for Christmas was SEGA Dreamcast and Sonic Adventure.

And two front teeth?

I didn't ask for anything else. So, when I woke up Christmas morning and I opened my presents that I had received, I didn't get one. But later that day my Mom came by and said, "Aaron, there is still one more present under the Christmas tree, how could you forget to open that one?" In shock and ah I ran to the tree and opened the medium sized box and I found my dreams of you coming back to me again! It was a SEGA Dreamcast with Sonic Adventure attached to it! I sat on the floor in front of the tree staring for what felt like all day stunned at the game and the story printed on the back. I set it up in my room and didn't leave for a week!

A week... straight? What about bathroom breaks? Actually... I don't want to know.

It was the best game I had ever and will ever play... I thank you for everything you have ever done, and will ever do... Keep on runnin' your track and don't let anything slow you down. From your greatest admirer and Number One Fan,

Well, twice in one letter...I guess you are Numero Uno. Thanks for writing.

Aaron Main,
POSTED TO ARCHIECOMICS.COM

Dear Sonic Grams,
I want to ask a few questions. I just got Sonic Firsts and I got Sonic the Hedgehog Beginnings. I've been noticing in those two books that there are three different Sallys. What is the difference between them?

Isn't it obvious? Uh... maybe not. As I understand it, it was a big debate in the office, and they finally agreed on the Sally we all know & love. Did you get the joke on the cover of "The Beginning?"

When is Mina going to hook up with Sonic? I was mad when I heard Sally and Sonic were back together again. I would really like to see a new character. I really like Bunnie! Where is she from? Maybe I know because of her accent.

Hang on to your guesses, a story where Bunnie goes back home is in the works. It might not be just what you're expecting.

When is Cream the Rabbit going to appear in the comic? When will Sonic come back from space? Please print my letter!

I guess you know by now Sonic is back from space, and Cream...well that will have to be a surprise, too.

Sincerely, Brooke Talley "Sonic"

I love your guy's Archie Comics! How many do you make a month? One?!

Nina_21
POSTED TO ARCHIECOMICS.COM

Nina ... I'm very disappointed with you. I can't even put in a shameless plug.

Dear Sonic-Grams,
I have been a Sonic fan since I was 5. But I have only been reading for a year. I have a problem, when I was 5, I bought some Sonic figures. Now I can't find them anywhere! The only place I could find any is online. Do you have any idea where I can find them? Just curious.

Cara H. age 10 Youngstown, Ohio
P.S. The new Sonic X show rocks!

I know some new toys for Sonic X are in the works so keep your eyes open.

Dear Archie Publishers of Sonic Comics,
I became interested in Sonic for almost a year and trust me not to brag, but I think I know basically everything about Sonic.

Oh yeah? What is Sonic's shoe size?

My cousin and I are obsessed with Sonic we watch Sonic X every Saturday. I was wondering if you could do me a favor. If you guys would bring back the old Sonic Comics and put them on the market, you see I just started collecting Sonic Comics for a few weeks- every store I went to there has been no Sonic Comics. You see I live in Maine and there are some comics of Sonic but they do not have the old old issues of Sonic. I know you have an issue subscription of them but for some reason you don't add the first issue and so on. Could you please, please, please try and put the old issues on shelves? It will make me very happy. By the way I am thirteen.

A lot of fans ask for those first 30 issues. Maybe it's time for another trade paperback? Write in and let us know!

Well thanks, T.J. Libby

P.S. When you reply please give me some questions about Sonic. Could you please put my letter in the next Sonic Comic? Thanks, your number 1 Sonic Fan.

Wait number one fan?! What about that other letter, he mentioned that he was number one, two times! You're good, but how can anyone top that? So, how does Sonic fan number one and a half strike you?
